

Instructions for Activity 1

You are going to be pretending to be Captain Kara. You will write a captain's log about what has happened in the SMART Adventure episode you have seen. Can you write a better Captain's log than Kara? Have a think about what the class has written together. Can you steal some of the best bits for your own writing? Maybe you can do even better!

Remember the structure and "special ingredients" for writing a log or a diary.

- 1) Introduce the date, the ship and the crew.
- 2) What are you going to tell us about? Remember you need to use the past tense.
- 3) What happened first?
- 4) What happened next? Remember to give us lots of detail and describing words.
- 5) What happened in the end – What have you learnt about staying safe online?
